

## JONES NEWS.

Jones, Oct. 11.—Rev. J. B. Connally, of Princeton filled his appointment last night and gave us a most excellent sermon. He will be here again on the 2nd Sunday night in November and we cordially invite everyone to come and hear this consecrated and talented divine.

Mrs. Earle M. Calne, Miss Belle Jones and Mrs. Jerry C. Martin were in Greenwood Monday of last week.

Our school will open on Monday, the 25th inst and we cordially invite all of our friends to have their children ready to enter. As has been our custom there will be appropriate opening exercises and we trust the parents will be present.

We extend to Mr. W. C. Jones and Miss Lula Cochran, who were married on the 6th inst., our warmest congratulations.

Mrs. E. E. Martin and little Frank, of Strother, are on a visit to her parents, Dr. and Mrs. W. T. Jones.

Our good friend and neighbor, Mr. E. W. Thompson, is now organist of our Sunday School. He is a splendid singer and we appreciate his kindness in filling the position.

We are very grateful to all our friends for recent kind favors.

Those wishing to purchase or rent should come soon.

Though somewhat late, we wish to add our tribute of respect to the memory of Mr. Marion Sharp (more familiarly known as Petty), who recently passed away at Donalds. He spent the most of his long, useful and honorable life in this section and was held in the highest esteem by all of our people.

It was our good fortune to attend the association at Mt. Gallagher. Moderator Bobo and Clerk, Prof. W. P. Culbertson dispatched business rapidly. Col. J. H. Wharton was a delegate and as is his invariable custom did all in his power to make visitors enjoy the occasion.

The addresses, reports of committees and discussions were eloquent and instructive. Mt. Gallagher dispensed a royal hospitality and the immense crowd thoroughly enjoyed the occasion.

## WEALTHY FARMER

## SHOT TO DEATH

Dr. Lawrence Orr McCalla, of Anderson, slain by Another Prominent Man of Same County. Motive Unknown.

Anderson, Sept. 11.—Dr. Lawrence Orr McCalla, one of the most prominent citizens in this section of the State, was shot and killed at 8:30 o'clock Saturday morning by his nephew by marriage, Mr. Feaster I. Jones, another prominent man of Anderson county. The shooting occurred in Dr. McCalla's private garage at his home at Starr, 10 miles below Anderson.

Immediately after the shooting, Mr. Jones went over to his home, which is about 200 yards distant, and telephoned Sheriff Ashley's office of what he had done.

From the facts brought out at the inquest, and from individuals questioned privately, it appears that the shooting occurred after a few minutes conversation between Dr. McCalla and Mr. Jones.

Dr. McCalla had just returned from the station at Starr and it is said that he was preparing to come to Anderson. He had one of his negroes to drive him from the depot, and upon reaching home went into the auto-

## TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10 cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

## A CLOGGED SYSTEM NEEDS ATTENTION

Are you bilious, dizzy and listless? Dr. King's New Life Pills taken at once seize upon constipation and starts the bowels moving naturally and easily. Moreover it acts without griping. Neglect of a clogged system often leads to most serious complications. Poisonous matters and a body poorly functioning need immediate attention. If you wish to wake up tomorrow morning happy in mind and entirely satisfied, start your treatment tonight. 25 a bottle.

mobile garage to speak to Red Jones, who was in there preparing to take the car out. About this time Mr. Jones came up and went into the shed. The negro ran the car outside and in a very short time heard Dr. McCalla calling him. He went back into the garage and just about the time that he reached Dr. McCalla's side the first shot was fired, which took effect in the right side of the doctor's chest, and would have been sufficient to cause death. The wounded man stepped back about two steps then fell backwards, his head falling just outside the door of the house. Mr. Jones then walked toward the door, firing another shot into the wounded man's head as he passed. This bullet entered Dr. McCalla's forehead just above the right eyebrow, passed through his head and came out on the other side. That the shot was fired at close range was evidenced by the powder marks on the dead man's face. The pistol used was a .45 calibre Colts automatic. Mr. Jones then walked on out and met Mrs. McCalla, telling her what he had done.

## 25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. Little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

## CROSS HILL NEWS.

Cross Hill, Oct. 11.—Misses Lillie Culbertson and Mary Martin and Messrs Gray Culbertson and Ed Adams attended the marriage of Miss Eugenia Culbertson of Troy, to Rev. Hillhouse of Abbeville, which was solemnized in the A. R. P. church at Troy last Tuesday afternoon. Miss Eugenia has a number of relatives in this and other counties and a host of friends who offer warm congratulations. She is a daughter of the late Dr. H. L. Culbertson of Amity, Ga., while the groom is a young Presbyterian divine whose work is near Abbeville.

It is to be regretted that Mr. Arthur Leaman's condition required his returning to the hospital for further treatment. He was carried to Chester ten days ago and is said to be doing very well.

Miss Irene McDaniel, one of the teachers in Cross Hill school, has been right sick for three weeks. She is at her home at Due West until she is well enough to resume her work. Mrs. Maude Noffz is filling her place in her absence.

The railroad authorities have repaired the cotton platform here with a new cover and have installed a cotton weigher's office room which adds much to the convenience and comfort of this office.

A committee of railroad men visited this and other places along the line last week, with a view of finding a more suitable place for locating their shops which are now at Abbeville. It is said they wish to place them somewhere in Laurens or Greenwood county.

The farmers of this section are planting a great deal of crimson clover and other winter cover crops for the benefit of their land. One farmer, Mr. Arthur Workman, tells me he is sowing twenty-five acres to crimson clover. As fast as the cotton is gathered he follows with a cultivator plowing in the seed. He inoculates the land the cost of which is about 40c per acre.

Already we are hearing good reports from our college boys. Mr. George P. Martin of South Carolina college will represent that institution this week in the State Y. M. C. A. which meets at Greenville. This is quite a compliment to a young freshman. From others comes the information that they are pleased with their work and are doing well.

Manse Golden, colored, was shot and killed Sunday night while on his way from church a few miles below here. Two other negroes were in a fight when Manse undertook to settle the difficulty. He was either accidentally or otherwise shot. The other two men were promptly arrested and lodged in jail.

## Prices Have Advanced But Ours Will Remain the Same for This Week

All Heavy Groceries have advanced in price during the past few days but we will sell ours at the old price for the balance of this week. Buy from us and save this money.
